## KEY ACHIEVEMENTS

**Implement SAP**

This implementation has streamlined our production processes, improved efficiency, and enhanced our ability to plan and execute production activities accurately.

**Strong Problem Solving**

It requires a deep understanding of the SAP system, the ability to quickly diagnose issues, and effective communication skills to ensure that solutions are clearly understood and implemented. By addressing and resolving these issues, I help maintain smooth operations across the organization, minimizing downtime and enhancing productivity.

**Communication**

I excel in conveying complex technical information in a clear and concise manner, ensuring that colleagues from all departments can understand and act on the information provided.

## SKILLS

SAP PP(Production & Planning)
SAP QM(Quality Management)
MS Excel
Problem Solving
Communication
Technical Support
ERP Implementation

## CERTIFICATION

**CCC Certificate**

CCC stands for "Course on Computer Concepts" exam. It is a government certification exam in India that tests the basic knowledge of computer skills and applications.

**Computer Diploma**

Basically, the course deals with the fundamentals of computer applications.

## PASSIONS

**Solve Problems**

I thrive on the challenge of identifying issues, analyzing root causes, and implementing effective solutions.

**Sharing Knowledge**

I am dedicated to empowering colleagues through training sessions and one-on-one mentoring, ensuring they have the skills and understanding needed to excel in their roles.
