SUMMARY

Professional Civil Land Surveyor with 13 years of experience (12 years in GCC countries and 1 year in India) in surveying, mapping, and engineering. Highly skilled in collaborating with teams to meet deadlines & client requirements. Proven ability to utilize surveying technology effectively, ensuring accurate & reliable data collection for diverse projects.

SKILLS

- Surveying & Mapping: Data Processing, Traversing, Topography, Statics Surveying, Ground Control Point, Contour, Stake Out, Hand Sketch Drawing, Leveling
- Equipment Proficiency: Total Stations Leica 16, 15, 09, 06, 02, Topcon GM50 , Sokkia , Theodolite, Auto Level, Digital Level.
- DGPS Instruments, GPS, Trimble TSC3 R4 & R8, Leica GS15, GS16, GS900,
- AutoCAD, MS Excel, MS Word
- Mathematical Calculations: Accurate data analysis & processing
- Self-Directed Mindset: Independent work and problem-solving skills

EXPERIENCE

Senior Land Surveyor

Organization: Copri Construction Enterprises WLL, Kuwait

Duration: Jan 2024 — Present

Project Name : Road NO 80,Kuwait to Iraq(JAHRA TO ABDALY) – Maintains Work (Highway)

Client : PART (Public Authority Road& Transportation) Ministry Of Kuwait

- Conduct topography surveys for road maintenance and asphalt laying projects.
- Mark milling and asphalt areas, ensuring accurate alignment and placement.
- Coordinate with Public Authority Road Transportation for project specifications.
- Prepare detailed reports and calculations for asphalt laying and marking.
- Collaborate with team members to meet project deadlines and quality standards.
- Perform inspections & ensure compliance with safety & regulatory requirements.

Senior Land Surveyor

Organization: Planet Geo Tech, Andhra Pradesh, India

Duration: Oct 2022 — May 2023

Project Name : Village Resurvey Work (Boundary Resurvey

Town : Paderu (ASR Distric) ,Village – Gongula , Ramkrina Nagar, Jagnivalasa,

Distric : Vishakhapatanm, ANDHARA PRADESH (INDIA)

Client : PADERU Revenue Division Deparment (ASR)

- Boundary Resurvey Topography Survey,Stakeout Survey for Boundary Marking
- Static Survey ↠ For Establishment The Ground Control Point.
- Utilized GPS and GIS technologies for geospatial data collection and analysis.
- Trained junior surveyors in surveying technology and fieldwork methodologies.
- Analyzed topographical data to assist in project planning and development.
- Advised on land use conflicts and provided solutions to prevent delays.
- Led field surveys, coordinating tasks and ensuring accurate data collection.
- Negotiated access rights with landowners & prepared detailed survey report.

Senior Land Surveyor

Organization: Jindal Aluminium Ltd, Bhiwadi, Rajasthan, India

Duration: Jan 2022 — Jul 2022

Project Name : Industrial Building - Sp2/333,Industrialarea – Bhiwadi

Work : Building Reconstruction

- Conducted reconstruction projects, including column foundation and blinding.
- Marked and laid out foundations, columns, and other structural elements.
- Planned project layout according to unique needs and available personnel.
- Coordinated with construction teams to ensure accuracy and project completion.
- Prepared detailed drawings and reports for building reconstruction tasks.
- Ensured compliance with design specihcations and safety protocols.

Senior Land Surveyor

Organization: Abengoa Solar Energy,Dubai,UAE

Duration: Nov 2019 – Dec 2021

Project Name : Mohmmed Rashid Bin Al Maktoum Solar Park - Phase IV- DEWA (700MW CSP+250 MW PV Hybrid IPP) - Al Quadra

Client : **DEWA**

Project Work : Take As built for Anchor Bolt and foundation ,Prepare As built Report, check Error,Doing the Alignment – Sport pylon (For Module Installation)

INSPECTION SURVEY - Prepare Data sheet for site work and Inspection survey with coordination consultant Engineer.

- Managed surveying tasks for the Rashid Bin Al Maktoum Solar Park project.
- Prepared as-built reports and performed alignment checks for module installation.
- Conducted inspection surveys and coordinated with consultants and engineers.
- Implemented health and safety protocols, conducting risk assessments on-site.
- Led field surveys, ensuring high standards of data collection and accuracy.
- Collaborated with teams to meet project deadlines and technical requirements.

Senior Land Surveyor

Organization: QBS International WLL, Doha, Qatar

Duration: Apr 2018 - Mar 2019

Project Name : Roads and Infrastructure for Government Residential Division South of **AL Wukair** - (Interim Measures – P08) (QS036P02)

CONSULTANT : **AECOM**

Project Work →Uraban Road ,Pipeline – Foul sewer and Drainage (stormwater) ,Gully Connection,duct, MICRO TUNNELING,Street Lite, Paving Block, C.R.A Duct (TELEPHONE&INTERNET Potable Water line , OFC Line ECT.

- Oversaw road and infrastructure projects including urban roads and pipelines.
- Conducted inspections and prepared data sheets for site work and surveys.
- Managed alignment and leveling tasks for drainage systems and roadworks.
- Coordinated with site engineers and consultants for project execution.
- Ensured compliance with project specifications and safety standards.
- Monitored construction phases & verified layouts against survey specifications.

Senior Land Surveyor

Organization: Eastern Asphalt & Mixed Concrete Company WLL, Bahrain

Duration: Sep 2016 — Aug 2017

Project Name : Tubli Block 701- Road164 & Environs (RPD-16/010) – Bahrain

Client&Consultant Department RPMD(Road Project & Maintenance Department – Ministry of Civil Work- **Bahrain)**

Project work → Road (URBAN Road) and Drainage Work {Storm Water}
Road & Drainage *(A) 1. Stake Out and leveling-Road , Drainage ,Road Crossing Duct ,Speed Table, Paving Block Road as per Design Drawing 2. Take Detail of Trial hole for Existing Service 3. Take Agreegade & sand Stoke

- Oversaw road and infrastructure projects including urban roads and pipelines.
- Conducted inspections and prepared data sheets for site work and surveys.
- Managed alignment and leveling tasks for drainage systems and roadworks.
- Coordinated with site engineers and consultants for project execution.
- Ensured compliance with project specifications and safety standards.
- Monitored construction phases & verified layouts against survey specifications.

Land Surveyor Supervisor

Organization: IBN Omairah Electrical Company, Riyadh, Saudi Arabia

Duration: Apr 2012 — Jan 2016

Project Work → Route Survey, Detail Survey, Setting out , Sketch Drawing , Auto cad Drawing , Take the As Built coordinate point and Prepared AutoCAD drawing Draw line in Google map for Route Survey ,Marking for **HDD -Enter PIT & Exit PIT**

Project Name – : PROJECT –132 Kv U/G Cable , AS Safa - Isbiliya Riyadh
CONSULTANT : NATIONAL GRID
PROJECT : 110kv U/G Cable King Abdulla Sport City , Jeddah
CONSULTANT : Binladin
Client : Saudi Electricity Company
PROJECT : 132 kv U/G Cable Abha to Khamis , Abha khamis Saudi Arabia
CONSULTANT : Saudi Electricity Company
PROJECT : 110 kv Over Head Transmission Line , Yambu , Saudi Arabia
Client : Saudi Electricity Company
PROJECT : 33 kv Over Head Transmission Line (Saudi ARMY Project) , Haltammar Tabuk Saudi Arabia
Client : Saudi Electricity Company

- Managed route surveys & detailed survey tasks for high-voltage OHT line and Underground cable projects.
- Prepared AutoCAD drawings and marked HDD entry and exit pits.
- Conducted site surveys & provided accurate data for project implementation.
- Coordinated with civil engineers & architects for large-scale projects.
- Ensured accurate alignment and setting out of cables and infrastructure.
- Ufilized advanced surveying equipment for precise data collecfion & mapping.

Land Surveyor

Organization: Nael & Bin Harmal Hydroxport LLC, Abu Dhabi, UAE

Duration: Sep 2007 — Oct 2010

Project Name : YAS ISLAND Development, Word Ferrari (ABU DHABI)
CONSULTANT : Halcrow
CLIENT : ALDAR Properties (PJSC)
Project Work → Sewerage, Drainage & Sweet Water , Irrigation Line , Gas Line, NDRC Work (For Road Crrosing Porposed Line)

PIPE USED > (A) SEWERAGE Line - 300mm ϕ GRP, 400mm ϕ GRP, 600mm ϕ GRP, 900mm ϕ GRP, 1000mm ϕ , 1400mm ϕ GRP ,

(B) STORM WATER Line - 1600mm ϕ RC Pipe, 2000 mm ϕ RC, 2200 mm ϕ RC, 900mm ϕ RC ,UPVC Pipe ,200 mm ϕ , 300mm ϕ

Irrigation Branch line → # BEND, TEE JUCTION , REDUCER

- Conducted surveys for sewerage, drainage & irrigation line installations.
- Managed NDRC work for road crossings and pipeline connections.
- Prepared detailed site work reports and coordinated with consultants.
- Set out and leveled entry and exit pits for pipeline installations.
- Supervised drilling work & ensured compliance with project specifications.
- Provided accurate data for construction & infrastructure development projects.

EDUCATION AND TRAININGS

Diploma in Civil Engineering
Institution : C.S.J.M. University, Kanpur, India
Passed Year: Oct 2005 - Aug 2007

Advanced Surveying Techniques Traning- GPS - Trimble
{Trimble Business Center Office Softwere & Instrument Opreting System}
Al Jahat Traning Company
Completed: 07/2014

Aldar Health and Safety Protocols in Construction
Safety Training Solutions
Completed: 11/2008
