Krishna Maruti Pvt ltd

Manesar, Haryana

Quality Department

January *2022 – March 2023*

During my three-month tenure as a trainee at Krishna Maruti, I gained proficiency in various tools and processes. Subsequently, I transitioned to the OEM end at Maruti, where I served as a quality inspector. My responsibilities included ensuring the delivery of high-quality seats to customers and promptly addressing any errors that arose.

Key Points:

Trainee Period:

1. Acquired comprehensive knowledge of tools and procedures.

2. Developed a solid foundation for my role.

3. Quality Inspector Role:

4. Ensured seat quality met stringent standards.

5. Addressed any defects promptly.

6. Collaborated with the team to enhance overall product quality.

Bhagirath Heavy Transmission

March 2023 – October 2023

I have highlighted my experience as an **Auto CAD 2D** drawing and **Quality in charge**. I have successfully managed and supervised the creation of 2D drawings in Auto CAD, ensuring that they meet high-quality standards and specifications. I have also implemented quality control measures to ensure accuracy and precision in the drawings produced. My role as a quality in charge has allowed me to contribute to the overall efficiency and effectiveness of the drawing process. I would be happy to discuss any specific

details or examples of my experience in this area if you would like.

Education

Diploma in Mechanical Engineering
CMRA Government Polytechnic College, Sanghi, Haryana
2020

10th Grade

SVM inter college ganga nagar shuklaganj unnao 2016

12th Grade
Dr. Lohia Hss P Road Shuklaganj unnao
2021

Certifications

- Certified Auto cad Professional
- Certified Solid Works Professional
- Certified UG NX Professional

Projects

Dought Kneading Machine

- Design , Motor , Pulley , Gear , Rum

Training Attended

- UPSRTC Summer vacation one month training
- TATA MOTOR Summer vacation one month training
